Title of the Activity:

Guest Lecture for BAMS Final Year Students (Batch 2021–2022)

Organizing Department:

Department of Shalakyatantra, MIAER, Mandsaur, Madhya Pradesh

Type of Activity:

Guest Lecture (Academic Enrichment Activity)

Date and Venue:

Date: 04 February 2026, Venue: Final Year Classroom

Participants:

BAMS Final Year Students (Batch 2021–2022)

Resource Person (Guest Faculty)

Name: Dr. Shyam Swaroop Meena

Designation: Assistant Professor, Government Ayurveda College, Kota

Brief Profile of the Guest

Dr. Shyam Swaroop Meena is serving as an Assistant Professor at Government Ayurveda College, Kota. He is actively engaged in academic teaching, clinical services, and research activities in the field of Ayurveda. He has significant experience in guiding undergraduate students and is known for his academic contributions and clinical expertise in Shalaky Tantra and related specialties.

Objectives of the Guest Lecture

The guest lecture was organized with the following objectives:

1. To enhance students' understanding of the topic Low Vision Aids in clinical practice.
2. To familiarize students with different types of low vision aids and their indications.
3. To explain assessment methods and principles of prescribing low vision devices.
4. To improve clinical decision-making skills in managing patients with visual impairment.
5. To encourage integration of low vision rehabilitation into Shalaky practice.

Summary of the Lecture

The lecture focused on the concept, causes, and management of low vision. Dr. Meena explained various types of low vision aids including optical and non-optical devices, along with their practical applications. He discussed clinical assessment techniques, patient selection criteria, and counseling methods. Real-life clinical examples were shared to enhance students' understanding of rehabilitation

strategies. The session was interactive and enriched with practical insights relevant to Shalaky Tantra practice.

Learning Outcomes

By the end of the session, students were able to:

- Understand the concept and causes of low vision.
- Identify different types of low vision aids.
- Describe indications and practical use of various devices.
- Develop basic knowledge regarding patient counseling and rehabilitation approaches.
- Appreciate the importance of low vision management in clinical practice.

Student Participation and Feedback

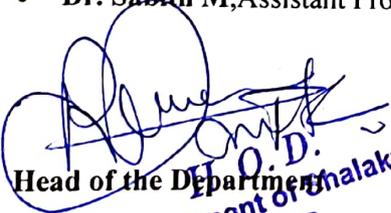

The session witnessed active participation from the students. They engaged in discussions, asked relevant clinical questions, and clarified their doubts. The feedback received from students was positive, highlighting the clarity of explanation, practical orientation, and usefulness of the lecture for examination and clinical practice.

Conclusion

The guest lecture proved to be highly informative and academically enriching for the BAMS Final Year students. It strengthened their theoretical knowledge and provided practical insights into low vision rehabilitation. The Department of Shalakyatantra expresses sincere gratitude to Dr. Shyam Swaroop Meena for his valuable contribution and guidance.
