Description of the Activity

An Ayurvedic medical camp was organized at Sedra Mata on 08 April 2026 as part of community outreach services. Patients from nearby rural areas were examined by Ayurvedic consultants and appropriate treatment and health advice were provided. Free medicines were distributed to the beneficiaries. The camp aimed to provide accessible healthcare and promote awareness regarding Ayurvedic management of common diseases.

Outcome of the Activity

- 118 patients received consultation and treatment
- Free medicines provided to beneficiaries
- Awareness regarding Ayurveda increased
- Strengthened community outreach

The Ayurvedic medical camp at Sedra Mata was successfully conducted with active participation of consultants. The activity benefited the local population and contributed to institutional social responsibility..

Acknowledgement:

The institute sincerely acknowledges the guidance and continuous support of **Principal Dr. Deepak Yadav**. The organisers also express their gratitude to **Coordinator Dr. Solanki** for effective planning and smooth execution of the activity
